- Contemplating on human, earth, and existence
- Water coloring portraits
- Watching art
- Composing music
- Playing jazz drum
- Brewing coffee & tasting wine

----- Web Development Experiences -----

General Assembly | Web Development Immersive Bootcamp ----- Boston / 2019

Accomplished a 12-week, 500+ hours, software engineering bootcamp. Through hands-on experience working with cutting edge libraries and frameworks, I developed a strong understanding of software engineering fundamentals. During this immersive program, I have accomplished three single projects and one team project. Each of these projects was completed in no more than 5 days.

Web Development Projects

TicTacToe Game

tictactoe.macitege.com

An in-browser game built by using HTML, CSS, JavaScript, jQuery, Bootstrap. Players can play games against A.I., and multiplayer games.

Color Palette Generator

colors.macitege.com

Built by using HTML, CSS, Handlebars, jQuery, JavaScript, and Ruby on Rails for creating API. The user can generate random color themes consist of 5 distinct colors, and save them in their color set library.

Stumblr | Blog

(Team Project)

hex-ilc.github.io/stumblr-client/

Built by using HTML, CSS, Handlebars, jQuery, JavaScript for front end, and Express.js and MongoDB for creating the API. This is a CMS website where users create their own blogs.

----- Other Experiences -----

M.Sc. - Research on Marine Mammals' Vocalization & Behavior ----- Istanbul Uni. / 2015 - 2018

Conducted a research, collected +109 hours of visual observation and +124 hours underwater sound recordings. Handled +50,000 lines of data, and searched for correlations between dolphins' vocalizations and surface behaviors.

Music Teacher | Baterizm Music Studio ----- Istanbul / 2014 - 2018

Taught music and drumming to +300 students from 9 to 50 years old.

Operations Manager & Graphic Designer | Egebonbon LLC ----- Istanbul / 2012 -2014

Been accountable for overseeing production process and logistic operations, and creating graphics for our products' labels, social media accounts and website.
